CAREER OBJECTIVE

Motivated and detail-oriented Computer Science graduate with a strong foundation in Data Analytics, SQL, Python, Microsoft Excel, Power BI, HTML, and CSS. Seeking an entry-level Data Analyst, Analyst Trainee, or Junior Web Development role where I can apply my technical and analytical skills, learn new technologies, and grow into a responsible professional.

EDUCATION

MCA — Vikram Simhapuri University

2024 – 2026 · Computer Science

TECHNICAL SKILLS

Data & Analytics:

Data cleaning, analysis, visualization, dashboard development, reporting

Languages & Tools:

Python, SQL, MySQL, Microsoft Excel, Power BI, HTML, CSS, Git, GitHub

Strengths:

Analytical thinking, communication, problem-solving, quick learner

PROJECTS

Sales Forecasting for Retail

Python, SQL, Excel, Power BI

Analyzed historical retail sales data to identify trends and seasonality, built a forecast model for upcoming periods, and presented insights through an interactive Power BI dashboard.

SQL Analytics Case Study

SQL, MySQL, Excel

Explored a relational dataset to answer business questions using analytical queries, views and summary reporting.

Python Data Automation

Python, pandas, Excel

Built a Python workflow that cleans, transforms and exports recurring datasets with validation checks, replacing a manual spreadsheet process.

STRENGTHS

Strong analytical thinking · Clear communication · Problem-solving · Quick learner · Attention to detail
